SACRED PATHWAYS OF PARTICIPATION

Three doorways *into the same field.*

On the sacred land at the base of Mount Shasta, the first physical anchor of the Pyramid Cities network is being called into form. There is no “correct” pathway — only the one your knowing names.

A SACRED FOUNDING ENROLLMENT

The Founding 33

Thirty-three souls who anchor the first node into form — the original ceremonial container of Mt. Shasta Node 002. Nine sacred exchange points, from \$444 to \$111,111+.

THE PRIVATE MEMBERSHIP ASSOCIATION

Guardian Membership

Cross the threshold into the living field. Six sacred tiers — a living ladder of light — from \$111 / month to \$144,000 / year.

SACRED GIVING

Donor Circles

Plant a seed in the New Earth. Ten giving levels across three circles, from \$1,111 to \$555,555 — every offering tax-deductible.

The Founding 33

Thirty-Three Souls Who Anchor the First Node Into Form

A SACRED CONTRIBUTION TOWARD LAND STEWARDSHIP — NOT AN EQUITY OFFERING OR INVESTMENT

THE INVITATION

The Land Has Chosen. *The Portal Is Open.*

Not customers. Not investors.

The Founding 33 are the original ceremonial container of Node 002 — sovereign beings whose presence is permanently woven into the land's founding activation. Honoring the truth that a land of this scale and mission is meant to be held as a living community from its founding breath, we open enrollment to those who step forward. If you are reading this language and feel it move in your body, your name may already be written in the Codex. This is the call.

Why 33

Thirty-three carries deep sovereign resonance — the master teacher number, the architecture of conscious anchoring, the bridge between earthly form and higher field. It is also the number of seats at the founding table of this Node. Each of the 33 is permanently recognized in the Codex of Pyramid Cities Node 002 as a founding anchor of the planetary mission.

✦ Node 002 · aligning under sacred stewardship — the sacred land where the First Triangle and its living pillars will rise

WHO IS BEING CALLED

Those whose soul reads this language *and recognizes itself.*

Guardian Practitioners & Vault Souls

Those already working within the Quantom field who feel called to be permanently, energetically bonded to the Mt. Shasta land.

Healers & Sacred Practitioners

Physicians, healers, and ceremonial practitioners ready to be associated with a planetary node from its founding moment.

Sovereign Leaders & Visionaries

Leaders, creators, and visionaries who recognize this as a once-in-a-lifetime threshold to step through.

Lineage & Council Holders

Star family, lineage holders, and Council members who already know this land in their cellular memory.

Those Who Simply Know

Anyone whose soul reads this language and recognizes themselves — without persuasion — as one of the 33.

Legacy & Lineage Impact

Those who feel the pull to plant something that outlives them — to weave their name, and their family's, into the founding architecture of a New Earth civilization for generations to come.

HELD BY EVERY FOUNDER

Sacred bonding *to Node 002.*

The full baseline of sacred bonding to Node 002 flows to every Founding 33 member, regardless of tier.

Founding Codex Inscription

Your name permanently inscribed in the Pyramid Cities Node 002 Founding Codex — a sacred record to be physically anchored on the land once ceremonial grounds are established.

Founding Activation Transmission

A personal transmission bonding your field to the Mt. Shasta land, sealed across all timelines.

Lifetime Founding Guardian Status

Acknowledged in all future Pyramid Cities Node materials, ceremonial gatherings, and the global network as it expands.

Founding Voice in the Node Council

Input into the ceremonial calendar, gathering rhythms, and community shape as the land comes online.

Priority Ceremonial Access

First invitation to all on-land gatherings, ceremonies, retreats, and Node 002 activations once physical infrastructure is established.

A Piece of the Sacred Land

A small blessed stone or sacred sand vial from the property, consecrated and sent to you after closing.

HELD BY EVERY FOUNDER, CONTINUED

The pillars, the technologies, *and the lineage.*

The full baseline of sacred bonding to Node 002 flows to every Founding 33 member, regardless of tier.

The Founding Transmission Series

A series of exclusive field transmissions across the first year of stewardship, held only for the Founding 33.

Access to the Advanced Pyramid Structures

Founders anchor a living relationship with the Mt. Shasta pillars — the Advanced Quantum Healing Pyramid, the Cosmic-to-Terrestrial Observatory & Intelligence Anchor, the Ceremonial Pyramid, the Equine & Animal Sanctuary with New Earth media & sound-healing studio, self-sustaining Pyramid Homes with greenhouses, and Pyramid glamping sanctuaries.

The New Earth Technologies

Access to the advanced Source-intelligence systems anchoring at Node 002 — quantum field healing technologies, self-sustaining green-energy infrastructure, regenerative agriculture, and environmental remediation. Founders receive technology-exchange discounts.

Fully Tax-Deductible Stewardship

Pyramid Cities Guardian Ministry is a 508(c)(1)(a) non-profit ministry (EIN 41-4127905). Every founding contribution is a tax-deductible sacred offering, stewarded with full transparency. Donor identities may remain fully private.

First Rights to Pyramid Home Stewardship

As the living pillars rise, Founders hold priority standing — select tiers receive first rights to reserve Pyramid Home rentals, seasonal residencies, and long-term stewardship of the self-sustaining Pyramid Homes and greenhouses, ahead of public availability.

First Rights to Aligned Investment

Founders at select tiers receive first invitation into aligned investment and equity opportunities within our sovereign sister companies — Pyramid Cities LLC and Quantiom Energy Science LLC. (Separate offerings; the Founding 33 itself remains a tax-deductible contribution, not an investment.)

NINE SACRED EXCHANGE POINTS

The *Founding Tiers*

All tiers receive the full baseline. The tiers represent the depth of sacred exchange your field is called to anchor. There is no requirement to step forward at any particular level — only to step forward at the tier your knowing names.

WHERE THE SACRED CAPITAL FLOWS

Phase One · Land Stewardship Seed

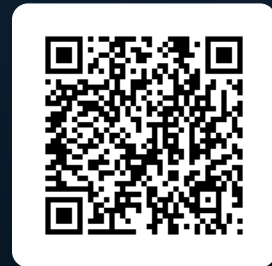

Every contribution through the Founding 33 flows directly into the Phase One Land Stewardship Seed — anchoring the Mt. Shasta properties into New Earth service and securing the land where the First Triangle and its living pillars will rise. This is sacred capital for the founding of a planetary site, not operational funding. Should acquisition complete with surplus, it flows into Node 002 infrastructure — living waters, ceremonial grounds, and access. Every dollar serves the Node.
