

QUANTIOM GUARDIAN MINISTRIES

Private Member Association

Community Guidelines

March 2026

1. WELCOME & PURPOSE

Welcome to the Quantiom Guardian Ministries community. As a Private Member Association operating under the constitutional protections of the First and Fourteenth Amendments of the United States Constitution, we are united by a shared commitment to sovereign healing, regenerative living, and the advancement of human potential through sacred technology and ancient wisdom.

These guidelines exist to protect the sacred space we have created together and to ensure that every Member can engage safely, respectfully, and authentically within our community.

2. CORE VALUES

Sovereignty: Each Member is honored as a sovereign being, fully responsible for their own health decisions and healing journey.

Confidentiality: What is shared within our community stays within our community. The privacy of every Member is sacred and inviolable (per PMA Agreement Article 2).

Respect: We honor diverse perspectives, healing journeys, and levels of experience. Every Member's path is valid.

Reciprocity: We engage in energy exchanges — not transactions. Generosity, service, and mutual support are the currencies of our community.

Integrity: We speak and act with honesty, transparency, and accountability to one another and to the Association.

Reverence: We approach healing technologies, sacred knowledge, and one another with deep respect and care.

3. COMMUNITY ROLES

Council: The governance body of the Association with authority over membership review, dispute resolution, operational oversight, and community standards. Designated Council members with governance and community relations expertise handle moderation escalations.

Practitioners: Service providers who facilitate healing modalities within the PMA framework. Unless separately licensed, Practitioners are not licensed medical professionals.

Staff/Administrators: Operational team members who maintain the Platform and support day-to-day community operations.

Members: Active PMA Members with access to community features based on their membership tier.
